

## What Next?

*We recognize that investing in lakefront properties is a significant commitment. Therefore we offer some suggestions for common questions.*

### Get Information

*The more you know about Cathance Lake and the area, the more convinced we are that you will find it meets your desires. Contact us, and we can provide additional information on individual lots or homes. For example, we can send you photos or movie clips that address specific questions. We respect your privacy and will provide only the information requested, no high pressure sales pitches.*

*The internet can yield tremendous amounts of information regarding Washington County and Cathance Lake. Google Earth is a good means to appreciate the extensive undeveloped areas around Cathance Lake. Explore the diversity of activities offered by our proximity to the ocean on both the east and the south. The diversity of scenery offered by the mixture of blueberry barrens, woodlands, rivers and streams and lakes of all sizes and attributes. Those of us on Cathance Lake view the lake as our "base" for enjoying the diversity of opportunities offered by Washington County.*

*Washington County has approximately 35,000 inhabitants so it doesn't take long to meet and gain the friendship of merchants, craftsmen, mechanics, etc. and become part of a community.*

### Take Time to Visit Cathance Lake

*If a picture is worth a thousand words, a visit to Cathance Lake is worth a million. The biggest concern we hear is that Cathance Lake seems far away. Do the benefits of lake quality, appreciation for conservation, privacy and costs warrant driving 3-4 hours longer from Boston? Cathance Lake is less than two hours east of Bangor and easily accessed from Rt. 9. We suggest that those from "away" fly into Portland or Bangor and rent a car.*

*Contact us for any arrangements you may wish including accommodations, suggestions for other sites to visit, restaurants, etc. At Cathance Lake we offer land tours of the lots and homes and can include ATV trips to experience the extensive trails available. Lake tours can include late afternoon "cocktail" cruises with amenities. Kayaks, canoes and PWC are available to further explore the lake.*
